**Dr. WILLIAMS, HAVING HAD** many years' experience in the treatment of the various diseases affecting the genital and urinary organs, as witnessed in the General Hospital of New York and New Orleans, has principally for aet his object, as below, where he may be said to limit upon all diseases of a private or confidential nature, the treatment to those means which have been proved to be the most efficacious principles as practiced in the French and English Hospitals.

**YOUNG MEN** who have undermined their health by excessive indulgence in masturbation, or by excessive use of the venereal disease, and especially those who are suffering from gonorrhoea, and also MIDDLE AGED and OLD MEN who have

by, by applying to time, may be done in a variety of ways, and with the use of his medicines, which are easy and pleasant to take, do not injure the general health; and may also be used in the treatment of the venereal disease, gonorrhea, and syphilis. Dr. W. guarantees a cure for life in all cases which he undertakes.

TO THE LADIES.—Dr. Williams gives special attention to the diseases of females. He is also agent for Dr. W. Williams' *Monthly Regulator*, a safe and permanent remedy for femoralia, Obstruction, &c., as well as a certain "preventive of pregnancy," without injury to health. Write for a copy of the book, and you will find how it can be relied on in time of need. CAUTION.—It should not be used during any stage of pregnancy, as "miscarriage" would result, and much fear from danger at all times. It is mailed to any address under seal on receipt of \$1 and two stamps.

LOUISVILLE  
Private Medical Dispensary  
Established in 1852  
FOR THE CURE OF ALL DISEASES OF A  
PRIVATE NATURE.

WITH THE VIEW OF MAKING  
the public acquainted with the  
benefits of this medicine, I have twice, dur-  
ing the past year, visited the principal  
Hospitals in Boston, New York  
and Philadelphia, and becoming  
acquainted with many new and val-  
uable remedies, which I have intro-  
duced into my practice for the be-  
nefit of those afflicted with the

Those diseases which come by unhygienic practice. Those who have their hands contracted with diseases, should be treated by the application of the medicine, and not short receipts, even in a few days.

**YOUNG MEN** who, by indulging in a solitary practice, have contracted that mind-barrowing and spirit-consuming disease, which is attended with such distressing and so much alarming and fatal consequences, if relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected, by the use of the medicine, which is the only effectual method of effecting a quick and radical cure.

**MIDDLE AGED AND OLD MEN** who, by excessive indulgence in their passions have produced a decay in advance of their years, and who are unable to perform the duties of being again restored to that state of health which they would have enjoyed had they never contracted any excessive passions, should apply immediately, either in person or by letter, and have a cure effected, by the use of the medicine, which is the only effectual method of effecting a quick and radical cure.

[illegible]

CAUTION.—There must not be taken during proceedings by any person at a distance who will be required at home, on receipt of a brief statement of their case, answer of such questions as I would ask on a personal interview; and, on receipt of the brief filed, I will, at the request of the party, cause a writ of habeas corpus to issue, free from the payment of any fee, on any part of the country, with full costs of the case.

Complaints may be held from 3 a.m. to 9 p.m., (on Saturdays from 2 to 11 a.m.) at his office, northeast corner Third and Market streets, on stairs—private entrance, Third street, Louisville, Ky.

Persons who do not forget the name and place of their friends should be addressed to
